Vol. 01

muda

Some furniture fills a room.

Muda shapes the way people use it.

Designed as a flexible collection of soft seating, occasional tables and collaborative pieces, Muda adapts naturally to breakout areas, informal meetings, hospitality spaces and modern workplaces.

Its soft geometry creates inviting environments where conversations happen, ideas develop and people simply feel comfortable.

Built to last.
Designed to belong.

Crafted with care. Designed for people.

Good furniture should never compete for attention. Instead, it should make people feel comfortable the moment they arrive.

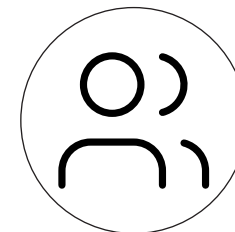

Muda brings together soft seating and versatile tables in a collection designed for breakout areas, collaboration zones and relaxed meeting spaces.

Every element shares the same calm design language, allowing spaces to feel connected while remaining flexible enough to evolve with changing needs.

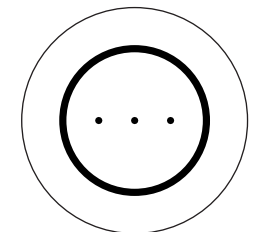

Whether creating a quiet corner for focused conversations or a larger social hub for informal collaboration, **Muda** adapts naturally to the rhythm of everyday work. Its modular character makes it easy to build environments that feel open, welcoming and effortlessly cohesive.

Durable materials, carefully considered proportions and timeless forms ensure the collection performs just as well years from now as it does on day one.

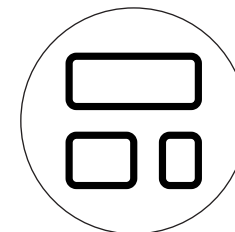

Designed to support people.
Made to last.

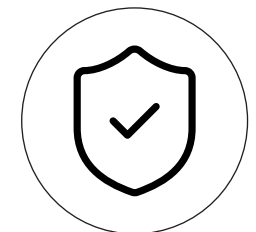

Designed to encourage conversation, collaboration and informal meetings.

Rounded geometry creates welcoming, approachable interiors.

Create breakout spaces that easily adapt to different environments.

Commercial-grade construction designed for long-term performance.

muda

Manifest

Designed to feel natural.

Great breakout spaces aren't defined by how they look.

They're defined by how people use them.

Muda was created to make everyday interactions feel effortless. Whether it's a quiet coffee before the day begins, an informal meeting between colleagues or a place to pause for a moment, every piece is designed to support the rhythm of modern work.

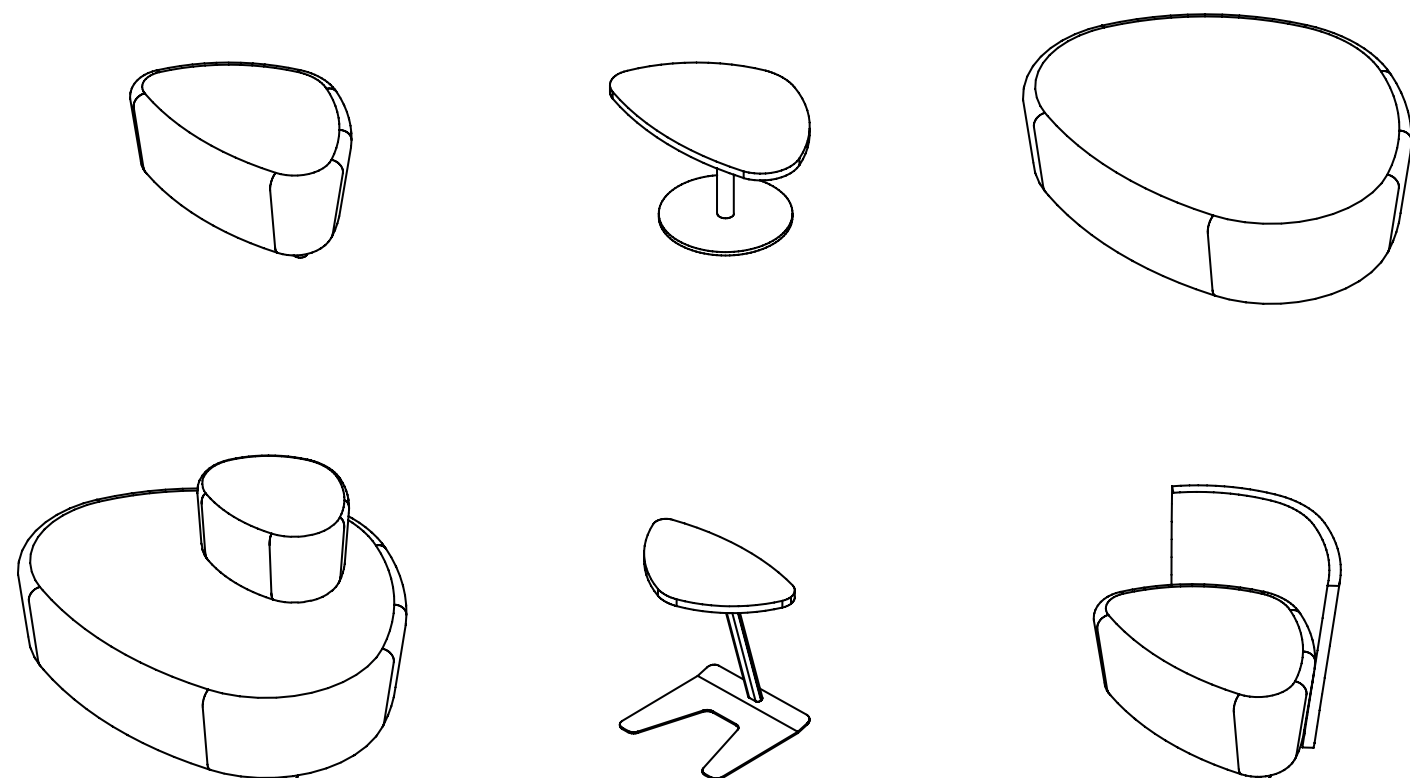

The collection combines soft seating, occasional tables and complementary elements that work together as one cohesive family. Their rounded forms create inviting environments that encourage conversation without overwhelming the space around them.

Flexible enough to suit changing layouts and durable enough for demanding commercial interiors, Muda adapts naturally to workplaces, education, hospitality and public environments.

Simple in appearance.

Comfortable by design.

Made for everyday moments.

Sit. Share. Stay.

Built around everyday moments.

The most successful breakout spaces are the ones people choose without thinking.

A place for an informal conversation.

A quick coffee.

A moment to focus.

Or simply somewhere comfortable to take a break.

Muda was designed to support each of these moments through a collection of seating and occasional tables that work naturally together. Their organic forms bring warmth to commercial interiors while offering the flexibility needed for constantly changing environments.

Easy to specify.

Easy to arrange.

Designed to be used every day.

Why muda?

Muda

Every collection begins with a simple idea.

For Muda, it was the quiet beauty of naturally rounded forms and the way they encourage people to gather without formality.

Inspired by smooth river stones shaped over time, each piece combines generous comfort with a calm architectural presence. The collection is intentionally uncomplicated, allowing designers to create relaxed environments that feel welcoming from every angle.

Whether used individually or combined into larger arrangements, Muda offers the freedom to shape spaces that invite people to pause, connect and stay awhile.

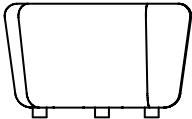

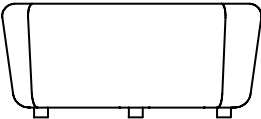

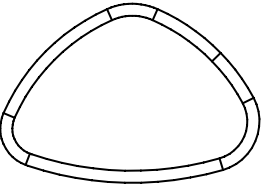

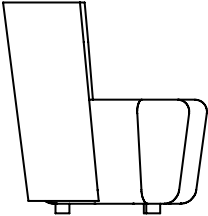

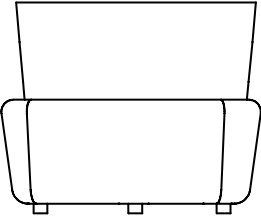

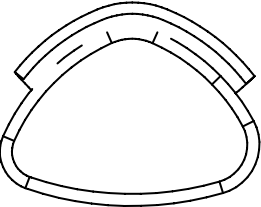

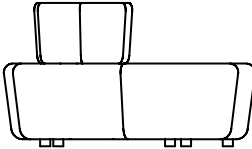

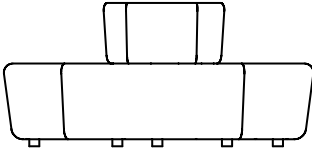

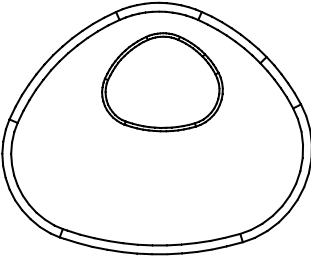

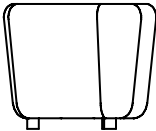

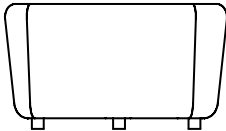

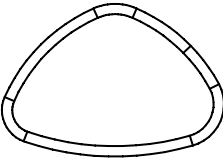

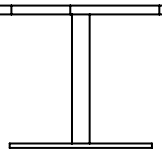

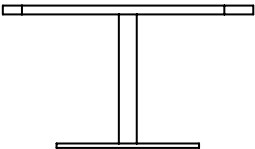

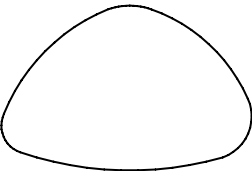

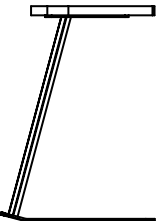

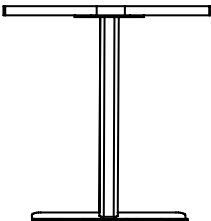

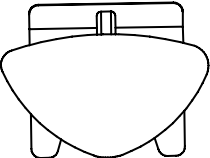

Soft by nature.

Flexible by design.

Spaces

A dining or breakout space works when people choose to use it - when the environment is welcoming enough to make stepping away from a desk feel worthwhile.

Muda creates that kind of environment. Clean lines and considered proportions bring order without imposing, and a broad range of sizes means it works equally well in a compact corner or across a large dining floor.

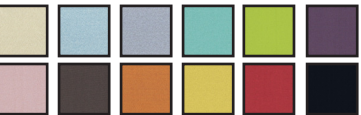

Timber or metal, dining or poseur - the wide choice of laminate and RAL finishes ensures every installation feels intentional. Optional power modules keep people connected throughout the day.

Choose your own

Our upholstery collection is structured to provide clarity and flexibility in material selection. Fabrics are divided into two categories: Band 1 and Band 2, allowing projects to meet both aesthetic and performance requirements.

Band 1 offers a versatile range of high-quality fabrics that balance durability, functionality, and visual appeal. These materials deliver reliable performance with a refined finish. Band 2 features a selection of premium textiles with richer textures, enhanced tactility, and expanded color options-ideal for mudae sophisticated interiors.

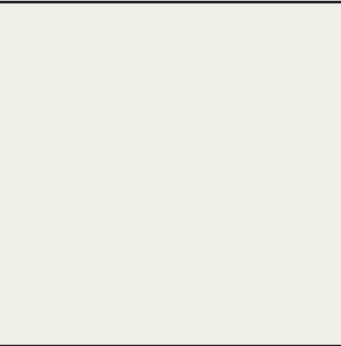

The collection also includes screen fabrics for vertical applications such as acoustic panels and privacy screens, ensuring both performance and visual consistency.

Selected finishes are available in vinyl, offering resistance to moisture, staining, and intensive use-ideal for high-traffic environments requiring easy maintenance without compromising design quality.

Our products are built using carefully selected materials that combine visual quality with functional performance. We utilize MFC boards along with layered, sound-absorbing structures and soft textile finishes to help reduce unwanted sound reflections from surrounding surfaces such as walls, furniture, and glazing.

The material composition is designed to support speech clarity and everyday comfort, minimizing background noise and improving the overall acoustic experience of the space.

Choose your own

You can choose from a wide range of finishes and material options to match your project's character and design direction. We use a selection of high-quality MFC boards from trusted suppliers, ensuring durability, consistency, and a refined appearance across all elements.

In addition to the standard finishes, custom materials and colors can be provided upon request. For larger or mudae specific projects, we are able to source and prepare tailored solutions based on the client's needs and preferred aesthetics.

Before you order

General

- By placing an order with 2020 Furniture Design, you agree to our standard Terms & Conditions, available on request or via our website.
- All prices are quoted in GBP and exclude VAT unless otherwise stated.

Delivery & Lead Times

- Pricing excludes delivery and installation unless specified within the quotation.
- Standard lead time for products within our RRP collection is approximately 4–6 weeks, subject to availability and seasonal demand.
- Bespoke products and customised finishes may require extended lead times depending on specification and project scope.
- During peak periods, including summer months, lead times may vary. Please contact your account manager for current production schedules.
- If shorter lead times are required, please speak with your account manager to discuss available options.

Delivery & Installations

- Installation services are available upon request and are quoted separately for each project.
- Where installation is carried out by 2020 Furniture Design, clear and unrestricted site access must be provided prior to the agreed installation date.
- Any preparatory works, including electrical works, site clearance or building works, remain the responsibility of the client. Delays or incomplete preparation may result in additional charges.
- Selected collections and bespoke projects must be delivered and installed exclusively by the 2020 Furniture Design installation team.

Warranty

- All products are covered by a 5-year warranty under normal fair wear and tear conditions.
- This warranty covers structural frames, foam and padding materials.
- Fabrics are covered under the respective manufacturer's warranty, typically 5 years depending on fabric selection.
- Electrical components, power modules and integrated charging solutions are covered by a 1-year warranty.
- Moving components and consumable parts, including hinges and door mechanisms, are covered by a 1-year warranty.
- Expected product lifecycle is approximately 15 years under normal commercial use conditions.

Care & Maintenance

To preserve the appearance and longevity of the product, regular maintenance and appropriate cleaning methods are recommended.

- Vacuum upholstery regularly to remove dust and dirt
- Clean spills immediately to prevent staining
- Avoid abrasive cleaners and harsh chemicals
- Use a soft damp cloth for laminate and hard surfaces
- Professional upholstery cleaning is recommended periodically
